Credit Information

Recommended Maximum Credit:

EUR 0

No Maximum Credit due to lack of insight into the company's current financial situation.

The Recommended Maximum Credit is to be understood as the highest possible engagement to a supplier delivering goods or rendering services on open terms with an average of 60 days. The calculation is based on the assumption that, on average, the company in question has 5 suppliers which deliver goods or render services at the same time. This amount is an indication of the credit amount to allow a company; it is not an insurance decision given by an underwriter of Coface Credit Insurance. Unless there is a specific contractual agreement, the recommended maximum credit cannot be considered as a credit insurance guarantee by Coface.

Quick Rate:

This reflects probability of default within 12 months, based on the information available from our local information provider.

Quick Rate: Medium High Risk

Coface Adjustment: Medium High Risk

Coface may have adjusted the Credit Score in order to reflect experiences (typically late payments) reported by one or more of our Credit Insured clients.
